Life Membership Fact Sheet

USAWOA has a Life Member Program that was established shortly after our founding in 1972. Throughout the years Life Members have been sustaining members of our Association. In many cases they have also been the strong dedicated leaders at the chapter, region, and national levels. This tradition of Life Member commitment and service continues today. The dues for USAWOA Life Membership are graduated based on the age of the member when he or she applies for life membership.
